**LAND LOCATION: From Remsen:** Go South 4 miles on L-12, West 2 miles on C-38, then go South 1 1/2 miles on Polk Ave. **From Oyens:** Go South 5 miles on K-64, East 2 miles on C-38, then go South 1 1/2 miles on Polk Ave. **From Le Mars:** Go South 2 miles on K-49, East 7 miles on C-38, then go South 1 1/2 miles on Polk Ave. **From Kingsley:** Go North 7 miles on Highway 140, West 3 miles on C-44, then go North 2 1/2 miles on Polk Ave.

**GENERAL DESCRIPTION:** Carol Boever's Family Land is one of Plymouth County's Finest!! Every county has an area that is considered their best performing area over almost all of the rest. For years and generations, Union Township has carried that banner proudly. That tradition certainly is prevalent in today's modern farming world. Some of the strongest areas are determined by certain factors; quality soils, proper slope of the land (not too steep and not too flat), strong history of great farm families who have utilized amazing conservation practices to maximize yields and profits, yet honoring and caring for the land as well. This land is great for visionaries who realize the importance of the long term outlook and work ethic required to build a generational operation that keeps up with the new innovations and embraces all of the technology advances of the computer age and how that helps the bottom line.

The Plymouth County FSA office shows 181.06 Farmland Acres, 174.99 Cropland Acres total on Tracts 1+2 combined will be split as determined by the FSA rules if there are multiple new buyers. See the FSA 156EZ on our website for additional information. The Plymouth County NRCS and Assessors office shows the Main Soil types to be Galva with some Primghar and Radford. **Tract 1 carries a whopping 90.4 CSR2 weighted average and Tract 2 carries an awesome 88 CSR2 weighted average. Wow! If you combine these great highly productive soils with all the pluses you'll find it just doesn't get any better than this!**

All the stars are aligned to provide someone with an outstanding opportunity of not just a lifetime, but a generational legacy farm. With the diverse marketing options, from great marketing facilities, to strong livestock feeding programs, ethanol plants, wind options possibly in the future and some of the best land available anywhere in the world, you couldn't ask for more! This is the type of land that keeps family farming operations strong going into the future. You and your family will never be sorry and will always be proud to showcase this as one of the crown jewels of your farming operation. Please give this farm your strongest consideration so your grandkids will someday say "Thanks Grandpa and Grandma for looking out for our future!" Best of Luck to You All! *Bruce R. Brock*
