LEGAL DESCRIPTION: Part of the SE¼ located in Section 7, Township 90 North Range 44 West of the 5th P.M. Plymouth Co. IA containing approximately 153.5 Acres M/L.

GENERAL DESCRIPTION: Here You Go!! In the offering is a really nice top quality Elkhorn Township Farm. This gently rolling Southern Plymouth County farm is in a fantastic location. Just Northwest of Kingsley and Southeast of Le Mars and East of Hinton right on the highway (K-64) it is perfectly located. We all know the value of efficiencies in today's farming world and location is a big part of more marketing options being available.

The Plymouth County FSA Office shows 144 Cropland Acres with a 73.4 acre corn base with a 165 bushel PLC Yield Index and a 70.7 acre soybean base with a 49 bushel PLC Yield Index and is currently enrolled in the ARC-County Program. The NRCS and Assessors office shows the main soil types to be Galva and Radford with a teeny bit of Ida. It carries a strong CSR2 of 83.7. Very nice for the area. The farm has been well cared for and is in a high state of production.

As we mentioned earlier, when it comes to marketing options, this farm is situated in the heart of the livestock feeding industry surrounded by excellent grain marketing facilities, close to ethanol plants and in the wind turbine footprint. However, no contract has been entered into, so you can make your own determinations on whether or not you want to participate. Having all these options is a luxury a lot of farms don't have. They promise to be a real strengthening factor today and for years to come in providing you and future generations with extra financial security. Be sure to look closely at this opportunity. *Bruce R Brock*
