GENERAL DESCRIPTION: “Opportunity Knocks As The Future Looks Brighter”

Brock Auction Co. is proud to be representing the Wanda J. Philips Estate in the offering of their long-time family held farmland. The Philips name is synonymous with strong family farming values for many generations in Western Plymouth County. They will be offering 2 farms for sale that present a rare opportunity for someone to purchase land that rarely comes up for sale. They have had excellent conservation practices used from terraces, conservation tillage and CRP program to meet high quality standards and to maintain them as well.

The 2 farms are combined for FSA office purposes and if sold separately will be divided according to their rules. The Plymouth County FSA Office shows those combined figures to be: 305.28 cropland Acres with a 190.5-acre corn base with a 158 bu PLC Yield Index. There was also 3.62 acres in CRP that came out this year.

The Plymouth County NRCS and Assessors office shows the following: **Tract 1** main soil types to be Galva with smaller amounts of Ida and Kennebec-McPaul. The farm carries a weighted average CSR II of 79.8.

Tract 2 shows the 3 main soil types to be Ida, Galva and Kennebec-McPaul. **Tract 2** has an average weighted CSR II of 59.2. These are good strong numbers for the area and the farm has had excellent care all these years.

Having an opportunity to purchase quality land like these farms doesn't happen very often. A lot of times it's decades, if ever, before someone gets the chance to buy something like this. These farms have everything you could ask for to enhance your grain marketing opportunities. Located right on highway 3 and Diamond Ave., just outside Akron, IA in the heart of cattle and hog county, ethanol plants, Craig, Ireton, Le Mars and Brunsville elevators all with outstanding marketing programs, give you a fantastic chance at outstanding opportunities and flexibility. Whether you would like to buy a quarter or a rare chance at a short ½ section, this will be an opportunity you won't want to miss. Dream a big dream for your future and try your best to make it come true!! Take a hard look at these 2 farms and see if you can envision them in your operation for generations to come and the impact they will have.
